QUICK REFERENCE GUIDE

QR-1-14

Amphenol Overview: Since 1932, Amphenol has been a cornerstone in connecting our world. Today, as the second-largest manufacturer of interconnect products, we proudly lead the charge in “Enabling the Electronics Revolution.” Our innovative solutions empower our customers to create cutting-edge products with greater power, higher data rates, enhanced mobility, resilience in harsh environments and with more complexity. Join us as we shape the future of technology.

Divisions of AIPG:

Amphenol Sine Systems, USA
Amphenol Tuchel Industrial, GmbH
Amphenol Audio, USA

Products:

- Standard I/O
- Harsh Environment (IP-Rated)
- Power Connectors
- Board / Wire to Board
- Hermetics
- DIN
- Explosion Proof
- Terminal Blocks
- High Speed I/O
- Water Proof
- Round Cables
- HDMI
- PCB Receptacles
- Flex Circuits
- Cable Assemblies
- Cable Glands / Cord Grips
- XLR
- Fiber Optics
- Flat Ribbon Cable
- Shielded + Unshielded Cables
- PCMCIA
- High Speed LVDS Cables
- High Bandwidth Cables

Note: Amphenol offers industry standard products as well as custom solutions. If we don't have it, ask us if we can tool it!

Discovery Questions:

Engineering:

- What are your product & connector applications?
- Are you experiencing issues with your current interconnect solutions?
- Are you involved in a new design or re-design?
- Do you need environmental sealing on your connector applications?
- Do you have EMI challenges?
- Are you looking for backwards compatibility on your design?

Purchasing:

- Are you sourcing connectors? If yes, what connector types?
- Are you currently looking for a second source?
- Are you experiencing any supply issues due to lead times or quality?

DON'T FORGET THE CONNECTOR! Almost all applications have an interconnect requirement and most importantly **ASK FOR THE ORDER!**

Key Markets & Applications:

- Automotive/Transportation
- Broadcast
- Computer
- Consumer Electronics
- Energy
- Entertainment
- Geophysical, Oil & Gas
- Heavy Equipment
- Industrial
- Instrumentation
- Internet
- Medical
- Network
- Rail Mass Transit
- Server
- Storage
- Telecom
- Wireless
- Marine
- Lighting
- HEV

Key Competitors:

	• Souriau	• Spacecraft	• Deutsch	• JST	• Neutrik
	• ITT Cannon	• DDK	• Veam	• AB	• Carlisle
	• Glenair	• Clements/Winchester	• Multi-Contact	• Delphi	• LEMO
	• Amerline	• Phoenix Contact	• Harting	• Corsair	• JAE
	• Switchcraft	• Binder	• Turck
